

DEFEET UN-D-SHURT

£27.99

Available in long, short and sleeveless, the Un-D-Shurt is made from a MicroSupreme acrylic fabric, which is silky soft against the skin. It's designed for layering when it's cold but still wicks very well when things hot up. It dried out incredibly quickly, handy for resisting the chill during a tea stop. The short-sleeve option is cheaper and more versatile but this version has become one of my winter favourites.

Sizes: M-XL

Colour: white
