NORTHWAVE CORE RACE LITE JACKET

1 Although billed as a jacket, the Core Race Lite is more like a jersey with a close, anatomical fit and windproof panels. A fleecy inner makes it warm enough to wear over a base layer in spring and autumn although you'll want something warmer in winter. A close-fitting neck and elasticated cuffs keep draughts out while four rear pockets, one zipped, provide storage. Reflective piping and a chin guard are neat finishing touches.

Sizes: S-3XL

Colours: Black, white/black

£79.99 www.i-ride.co.uk

9 Neat jersey-cum-jacket with good wind protection
